

## Books and edited journal volumes

- [1] Stüwe K., 2001. Einführung in die Geodynamik der Lithosphäre. Springer Verlag 405 pages (*German Language Textbook on Geodynamics*)
- [2] Stüwe K., 2002. Geodynamics of the Lithosphere. An Introduction. Springer Verlag 450 pages (*fully rewritten and newly edited hard cover textbook on Geodynamics. Out of print in 2006*)
- [3] deVivo B., Stüwe K., and Grasemann B., (eds.) 2002 Encyclopedia of Life Support Systems. Volume: 6.15. Geology. 350pages. EOLSS Publishers <http://www.eolss.net> (*Encyclopedia of Geology edited by Stüwe and other for UNESCO*)
- [4] Müller W., Pieringer K. and Stüwe K., 2003. Tibet. Terra Magica Spektrum, Reichverlag, 206 p. (*popular science text and picture book on Tibet*)
- [5] Stüwe K. and Grasemann B. (eds.) 2002. Journal of Asian Earth Science. Special Issue on Himalayan Geology (*follow up volume of Himalaya Geology Conference: HKTW16*)
- [6] Stüwe K. 2007. Geodynamics of the Lithosphere. An Introduction. Springer Verlag 493 pages (*fully rewritten and newly edited 2nd edition hard cover textbook on Geodynamic*)
- [7] Stüwe K. and Homberger R., 2011. Geologie der Alpen aus der Luft. Weishaupt Verlag 292 p. (*coffee Table book on alpine photography*)
- [8] Stüwe K. and Homberger R., 2012. High above the alps. A bird's eye view of Geology. Weishaupt publishers 297 p. (*coffee Table book on alpine photography*)
- [9] Stüwe K., Raab G., Rauschenbusch F., Piller E.W., Claus P., (2015). Eine Geo-Reise durch Grönland. Auf Alfred Wegeners Spuren; Weishaupt Verlag; Gnas; 216 S.; ISBN 978-3-7059-0375-3 (*A4 formatted hard cover book on Geology and adventures in Greenland in honour of 100 anniversary of Alfred Wegeners discovery*)
- [10] Geldner J. & Stüwe K. (Hrsg.) (2015) Alfred Wegener: Die Grazer Vorlesungsskripten Geologische Bundesanstalt Berichte Band 108, 88 p.
- [11] Stüwe, K. & Homberger R., 2018 Steiermark aus der Luft. Weishaupt Publishers, 208 p. (*coffee Table book on Steiermark*)
